

↳ How to Install Extension

Once you placed the order you will receive link to download extension package in your email box.

You can also download extension package from your MyAccount > My Downloadable Products Section.

Step 1

Extract downloaded extension package in your magento root folder using FTP(File Transfer Protocol) Tools. For verification of root folder you can see some folders inside magento root folder like app,bin,lib,phpserver and vendor etc.

Step 2

Next Need to run some mageno commands to install extension in your system , so connect with your server via SSH and go to magento root folder (e.g : `cd /var/www/html/magento243`) and run below commands one by one.

- `php bin/magento setup:upgrade`
- `php bin/magento setup:static-content:deploy-f`
- `php bin/magento indexer:reindex`
- `php bin/magento cache:clean`
- `php bin/magento cache:flush`
- `chmod-R 777 var/ pub/ generated/`

Step 3

if your all commands run successfully than login to your system Admin Panel and goto Store > Configuration , if you will see new Tab in left side bar with MageCurious Logo it means extension installed successfully.

Hey !! You Installed Extension Successfully Now it's time to Configure Extension.

↳ How to Configure Extension

Step 1

To Configure Extension go to Stores> Configuration > MageCurious Tab > product Image 360 Viewer

Step 2

The screenshot shows the 'Configuration' page in the MageCurious admin interface. The left sidebar contains a menu with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners. The main content area is titled 'Configuration' and shows the 'Product Image 360 Viewer' configuration. The 'Scope' is set to 'Default Config'. The 'General Configuration' section is expanded, showing four settings: 'Module Enable' (set to 'Enable'), 'View Mode' (set to 'Mouse Click'), 'Gallery 360 View Enable' (set to 'Enable'), and 'Gallery 360 View Mode' (set to 'Mouse Click'). Each setting has a dropdown arrow. Four orange callout boxes with arrows point to the dropdowns: 'Enable and Disable Whole Module' points to 'Module Enable', 'Change mode of view' points to 'View Mode', 'Enable and Disable Gallery 360 view' points to 'Gallery 360 View Enable', and 'Change mode of Gallery 360 view' points to 'Gallery 360 View Mode'. A 'Save Config' button is visible in the top right corner of the configuration area.

In General Configuration:

- **Enabled:** Select Enable or disable the whole module.

- **View Mode :** There are 3 view mode.

Mouse Click: Angle changes when the mouse is clicked on an image by a user.

Mouse Move: Angle changes when the mouse hovers on an image by the user.

Automatic: Angle changes automatically.

- **Gallery 360 View Enable :** Enable or disable gallery 360 view. (Person can view this mode after clicking on gallery image in frontend (it will be available in full-screen gallery)).
- **Gallery 360 View Mode :** There are 2 view mode in gallery 360 view.

Mouse Click: Angle changes when the mouse is clicked on an image by a user.

Automatic: Angle changes automatically

Step 3: Need to configure from a specific product to show 360-degree view on front:

if you set yes to is 360 view enable attribute then 360-degree view enable on front.

Step 4: Need to upload different angles product images from product edit.

Reviews (2)

The sporty Joust Duffle Bag can't be beat - not in the gym, not on the luggage carousel, not anywhere. Big enough to haul a basketball or soccer ball and some sneakers with plenty of room to spare. The ideal for athletes with extensive gear.

Normal 360 View : By Clicking on View image in 360 button person can access Normal 360 view as seen in below image.

Gallery 360 View : By Clicking on Gallery image person can access Gallery 360 view as seen in below image.
(It is available in full-screen gallery)
