

↳ How to Install Extension

Once you placed the order you will receive link to download extension package in your email box.

You can also download extension package from your MyAccount > My Downloadable Products Section.

Step 1

Extract downloaded extension package in your magento root folder using FTP(File Transfer Protocol) Tools. For verification of root folder you can see some folders inside magento root folder like app,bin,lib,phpserver and vendor etc.

Step 2

Next Need to run some mageno commands to install extension in your system , so connect with your server via SSH and go to magento root folder (e.g : cd /var/www/html/magento243) and run below commands one by one.

- php bin/magento setup:upgrade
- php bin/magento setup:static-content:deploy-f
- php bin/magento indexer:reindex
- php bin/magento cache:clean
- php bin/magento cache:flush
- chmod-R 777 var/ pub/ generated/

Step 3

if your all commands run successfully than login to your system Admin Panel and goto Store > Configuration , if you will see new Tab in left side bar with MageCurious Logo it means extension installed successfully.

Hey !! You Installed Extension Successfully Now it's time to Configure Extension.

↳ How to Configure Extension

Step 1

To Configure Extension go to Stores > Configuration > MageCurious Tab > **Sign in with Google One Tap**

General Configuration

Sign in with Google One Tap [store view] Enable

Client id: You need to create an app and generate Client id from <https://console.cloud.google.com>

Follow this link to get Client Id :

<https://developers.google.com/identity/gsi/web/guides/get-google-api-clientid>

↳ Extension Features

- **Google one tap login popup in frontend**

Provide functionality to customer to login with google:

Note: This google one tap login popup show when you already login in your google account in your browser

The screenshot shows the LUMA CMS homepage. The page header includes the LUMA logo and the text "Testing". The main content area displays "Home Page" and "CMS homepage content goes here." A Google login popup is overlaid on the right side of the page. The popup has a title bar that reads "Default welcome.mse! | Sign In | or | Create an Account". The main content of the popup includes the Google logo, the text "Sign in to magelogin with Google", the MageCurious Company logo and name, the email address "magecuriouscmp@gmail.com", a blue button labeled "Continue as MageCurious", and a disclaimer: "To create your account, Google will share your name, email address and profile picture with magelogin."

After click on Continue as button then it will login in magento and redirect to my account.
