

↳ How to Install Extension

Once you placed the order you will receive link to download extension package in your email box.

You can also download extension package from your MyAccount > My Downloadable Products Section.

Step 1

Extract downloaded extension package in your magento root folder using FTP(File Transfer Protocol) Tools. For verification of root folder you can see some folders inside magento root folder like app,bin,lib,phpserver and vendor etc.

Step 2

Next Need to run some mageno commands to install extension in your system , so connect with your server via SSH and go to magento root folder (e.g : cd /var/www/html/magento243) and run below commands one by one.

- php bin/magento setup:upgrade
- php bin/magento setup:static-content:deploy-f
- php bin/magento indexer:reindex
- php bin/magento cache:clean
- php bin/magento cache:flush
- chmod-R 777 var/ pub/ generated/

Step 3

if your all commands run successfully than login to your system Admin Panel and goto Store > Configuration , if you will see new Tab in left side bar with MageCurious Logo it means extension installed successfully.

Hey !! You Installed Extension Successfully Now it's time to Configure Extension.

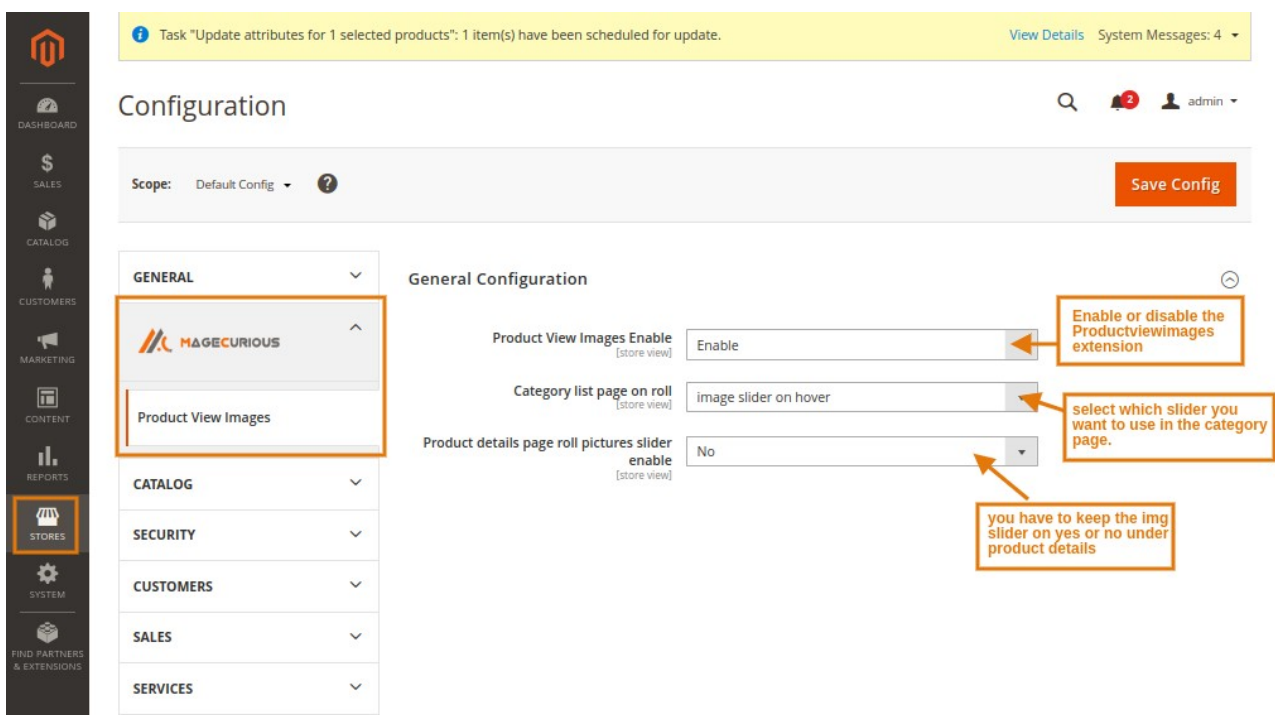

↳ How to Configure Extension

Step 7

Product details page Image slider :

The screenshot shows a product page for 'Circe Hooded Ice Fleece'. The navigation menu includes 'What's New', 'Women', 'Men', 'Gear', 'Training', and 'Sale'. The breadcrumb trail is 'Home > Women > Tops > Hoodies & Sweatshirts > Circe Hooded Ice Fleece'. The main image shows a woman wearing a grey zip-up hoodie. To the right, the product name 'Circe Hooded Ice Fleece' is displayed, along with the text 'Be the first to review this product', 'As low as \$68.00', and 'IN STOCK SKU#: WH12'. Below the price, there are options for 'Size' (XS, S, M, L, XL) and 'Color' (grey, green, pink). A 'Qty' field is set to '1', and there is an 'Add to Cart' button. At the bottom, there are links for 'ADD TO WISH LIST' and 'ADD TO COMPARE'. A callout box with an arrow points to a small image slider at the bottom left, containing two thumbnail images of the hoodie from different angles. The callout text reads: 'When you hover over these images, the images will change in the main frame.'

-> When you hover over these images, the images will change in the main frame automatically.

↳ Extension Features

By using the Magecurious Productviewimages Extension,

- Automatically slides the image when a product is hover in desktop view.
- When you touch an image in the product's mobile view, an image slider automatically.
- Clicking the preview and next buttons causes the slider to display the image in desktop view.
- when the image is touched and the previous and next views are displayed. The image is shown in desktop view by the slider when the preview and next buttons are clicked.
- These photos will automatically change in the main frame as you hover over them.
