

↳ How to Install Extension

Once you placed the order you will receive link to download extension package in your email box.

You can also download extension package from your MyAccount > My Downloadable Products Section.

Step 1

Extract downloaded extension package in your magento root folder using FTP(File Transfer Protocol) Tools. For verification of root folder you can see some folders inside magento root folder like app,bin,lib,phpserver and vendor etc.

Step 2

Next Need to run some magento commands to install extension in your system , so connect with your server via SSH and go to magento root folder (e.g : cd /var/www/html/magento243) and run below commands one by one.

- php bin/magento setup:upgrade
- php bin/magento setup:static-content:deploy-f
- php bin/magento indexer:reindex
- php bin/magento cache:clean
- php bin/magento cache:flush
- chmod-R 777 var/ pub/ generated/

Step 3

if your all commands run successfully than login to your system Admin Panel and goto Store > Configuration, if you will see new Tab in left side bar with MageCurious Logo it means extension installed successfully.

Hey !! You Installed Extension Successfully Now it's time to Configure Extension.

About the Extension:

Magecurious Product Video Extension allows store owner to upload YouTube videos on product pages.

Admin can upload either video file or video url from YouTube.

This Extension supports Multiple Video Formats like MP4, FLV, MPEG for video upload.

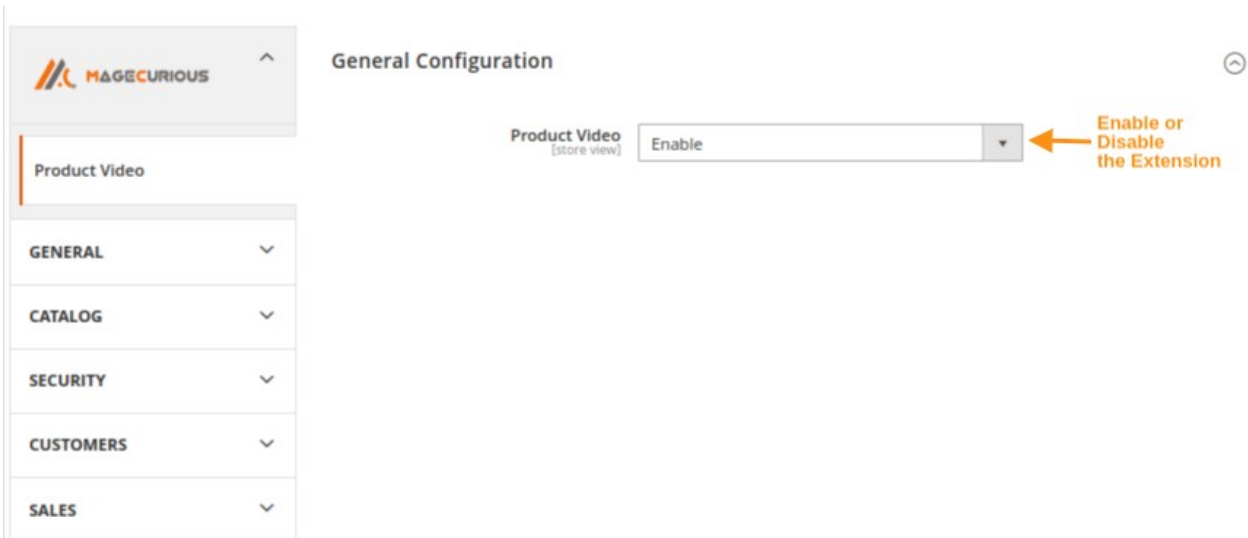

Features of Magento 2 Product Video Extension:

- The admin can enable or disable the module.
- Upload YouTube Video to Product Page.
- Upload Either Video File or Video URL.
- Add Video from Admin.
- Video will be shown Either Global, Category wise, Product ID wise.

↳ How to Configure Extension

Step 1: Configuration

To Configure Extension go to **Stores -> Settings -> Configuration -> Magecurious -> Product Video Tab -> Configuration**

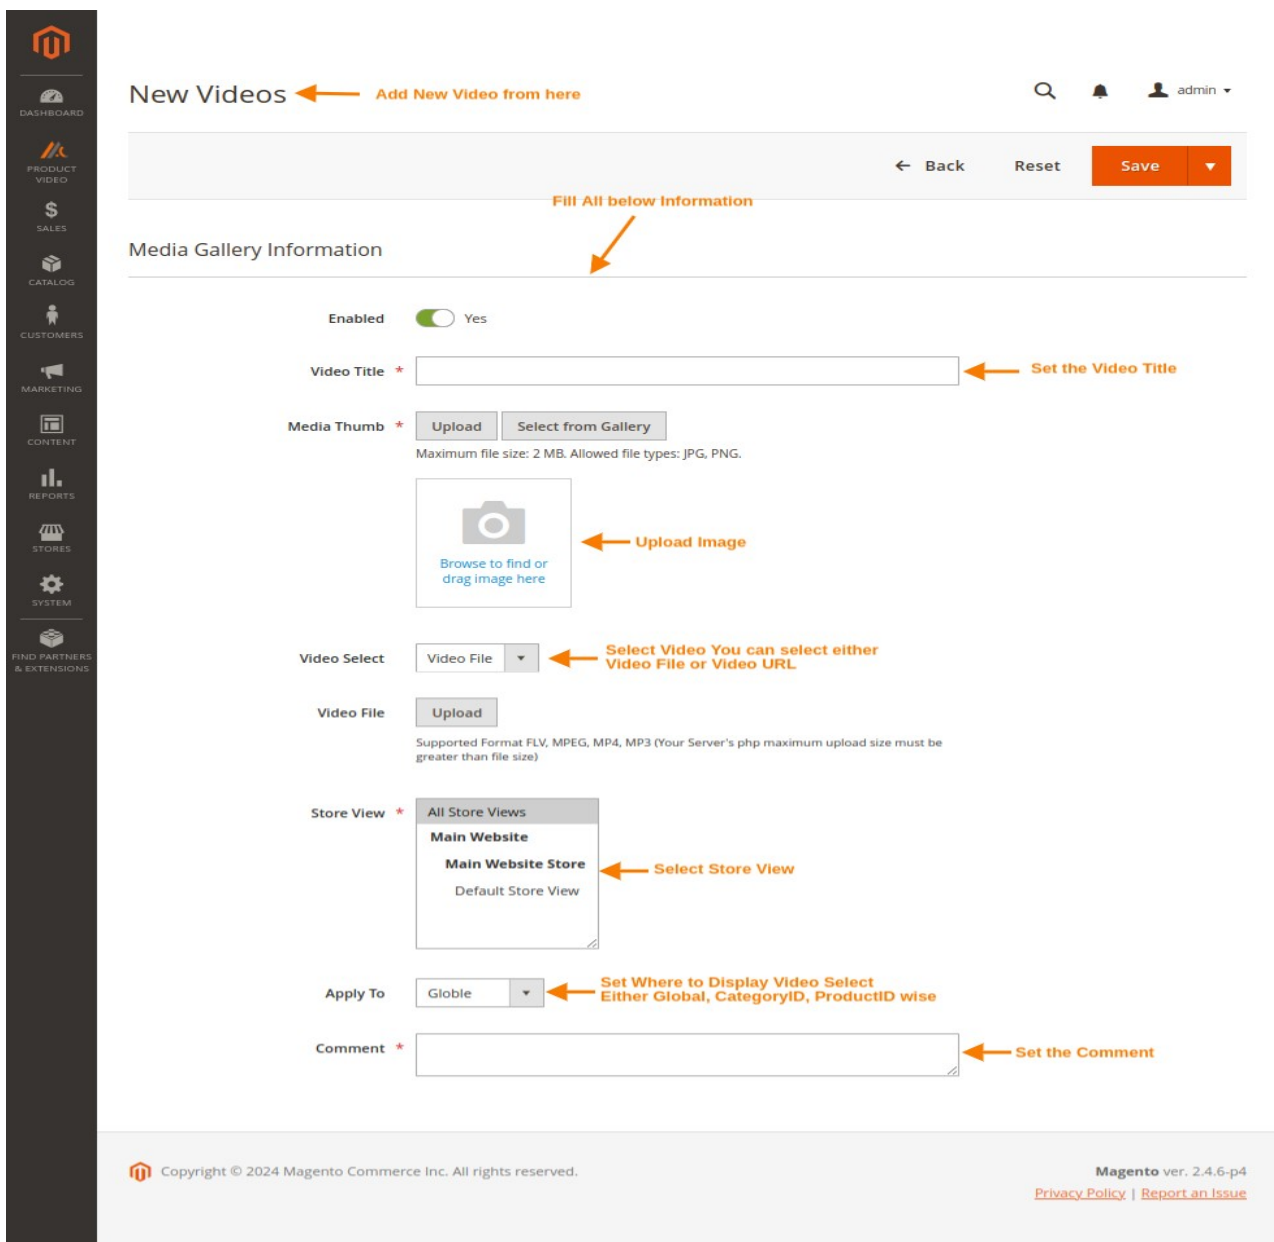

The screenshot displays the 'General Configuration' page for the Magecurious extension. On the left, there is a sidebar menu with the following items: 'Product Video', 'GENERAL', 'CATALOG', 'SECURITY', 'CUSTOMERS', and 'SALES'. The 'Product Video' item is currently selected. In the main content area, the 'Product Video' setting is shown with a dropdown menu set to 'Enable'. An orange arrow points to this dropdown with the text 'Enable or Disable the Extension'.

Product Video: Enable or Disable the Product Video Extension.

Step 2: Add New Video File

To Add new Video file go to **Product Video** from Admin Grid and Select **Manage Product Videos** and click on **Add New File** Button

The screenshot shows the 'New Videos' admin page. On the left is a vertical sidebar with icons for Dashboard, Product Video, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area has a header 'New Videos' with a search icon, a notification bell, and a user profile 'admin'. Below the header is a navigation bar with 'Back', 'Reset', and 'Save' buttons. A red arrow points to the 'Add New Video from here' link. The main form is titled 'Media Gallery Information' and contains several fields: 'Enabled' (toggle set to 'Yes'), 'Video Title' (text input with a red arrow pointing to it labeled 'Set the Video Title'), 'Media Thumb' (with 'Upload' and 'Select from Gallery' buttons, a note about file size and types, and a camera icon with a red arrow labeled 'Upload Image'), 'Video Select' (dropdown menu set to 'Video File' with a red arrow labeled 'Select Video You can select either Video File or Video URL'), 'Video File' (with an 'Upload' button and a note about supported formats), 'Store View' (dropdown menu with options 'All Store Views', 'Main Website', 'Main Website Store', and 'Default Store View', with a red arrow labeled 'Select Store View'), 'Apply To' (dropdown menu set to 'Globe' with a red arrow labeled 'Set Where to Display Video Select Either Global, CategoryID, ProductID wise'), and 'Comment' (text area with a red arrow labeled 'Set the Comment'). At the bottom, there is a footer with 'Copyright © 2024 Magento Commerce Inc. All rights reserved.' and 'Magento ver. 2.4.6-p4' with links for 'Privacy Policy' and 'Report an Issue'.

Video Title: Set the Title for New Video.

Media Thumb: Upload Image this image can be shown on Manage Video Section.

Video Select: Select Either Video File or Video URL.

Video File: If Video File is selected you can upload Video File.

Video URL: If Video URL is selected you can set YouTube Video url.

Store View: Select Store View.

Apply To: Select either Global, Category, Product Id, based on selected option video will be added on frontend.

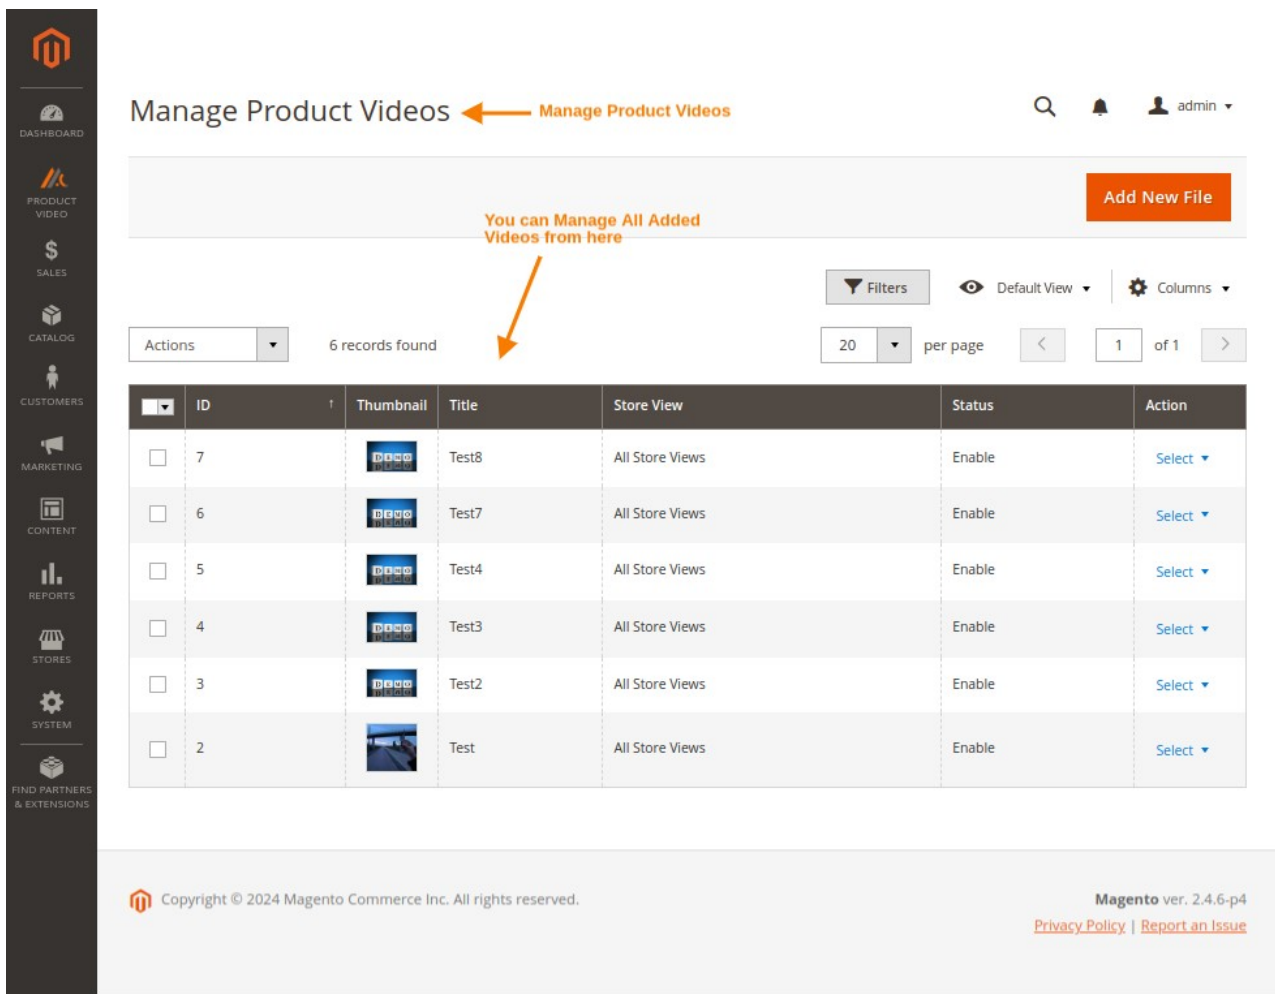

Select Category: If Category option is selected from redirect to then you can select category to display video category wise.

Enter Product ID: If Product ID option is selected from redirect to then you can enter product id to display video product id wise.

Comment: Set the Comment for that Video.

Step 3: Manage Added Videos

To Manage Video file go to **Product Video** from Admin Grid and Select **Manage Product Videos**

Manage Product Videos ← Manage Product Videos

You can Manage All Added Videos from here

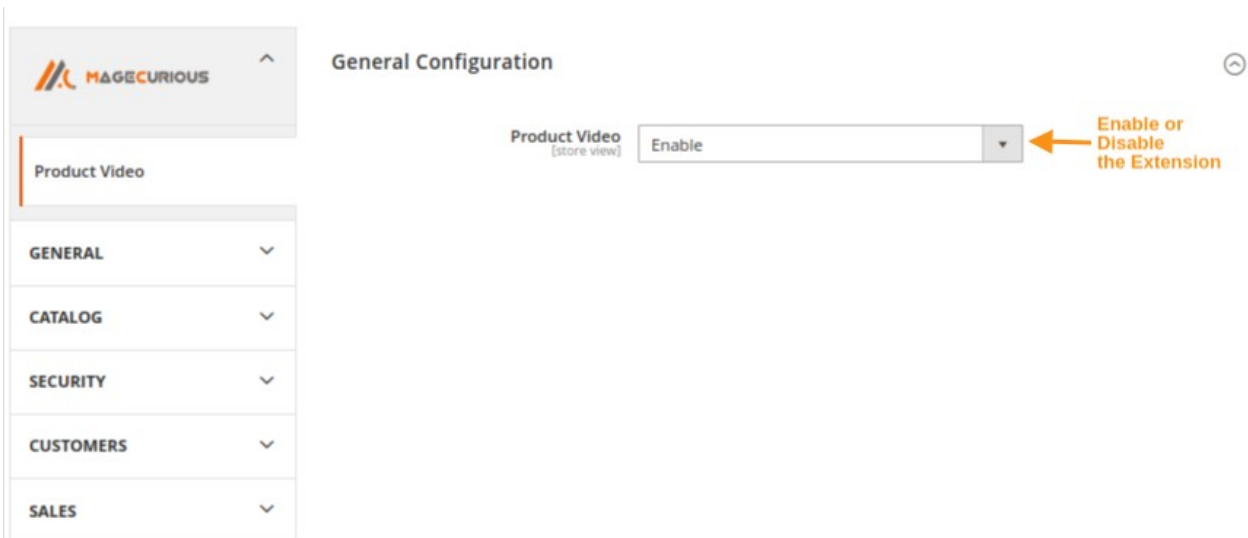

Actions 6 records found 20 per page 1 of 1

ID	Thumbnail	Title	Store View	Status	Action
7		Test8	All Store Views	Enable	Select
6		Test7	All Store Views	Enable	Select
5		Test4	All Store Views	Enable	Select
4		Test3	All Store Views	Enable	Select
3		Test2	All Store Views	Enable	Select
2		Test	All Store Views	Enable	Select

Step 4: Redirect to Configuration Setting

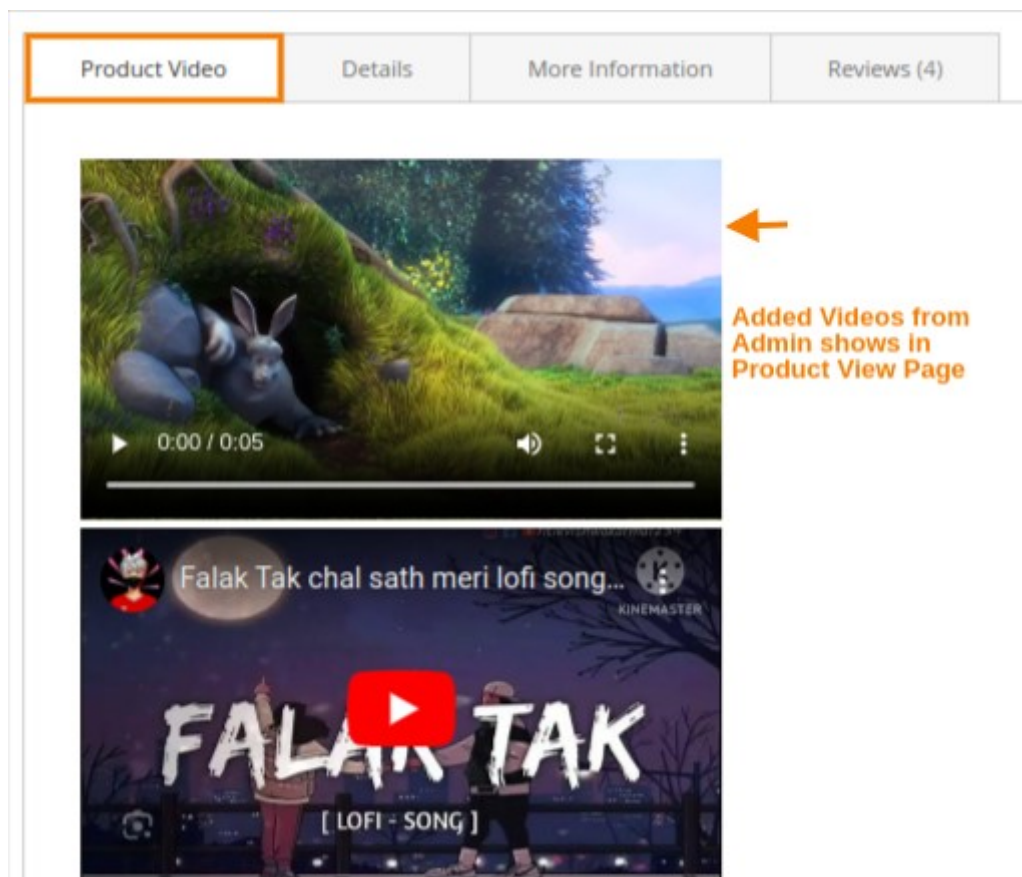

To redirect to configuration setting from admin grid go to **Product Video** from Admin Grid and Select **Product Videos Configurations**

The screenshot shows the 'General Configuration' page in the MageCurious admin panel. On the left is a sidebar menu with the following items: 'Product Video', 'GENERAL', 'CATALOG', 'SECURITY', 'CUSTOMERS', and 'SALES'. The 'Product Video' item is selected. The main content area is titled 'General Configuration' and contains a single configuration item: 'Product Video [store view]' with a dropdown menu currently set to 'Enable'. An orange arrow points to the dropdown menu with the text 'Enable or Disable the Extension'.

Step 5: Frontend view of added Videos

You can see videos uploaded from admin on frontend product view page under **Product Video** Tab.

Note:

If Product Video Tab is not shown on Magento Commerce Version then follow below steps:

- go to catalog -> Products -> <select any product> -> Design Layout -> No layout updates Display Product Options In -> Product Info Column

Product Salable Quantity ? ⌵

Design ⌵

Theme <small>[store view]</small>	-- Please Select -- ⌵
Layout <small>[store view]</small>	No layout updates ⌵
Display Product Options In <small>[store view]</small>	Product Info Column ⌵
Custom Layout Update <small>[store view]</small>	No update ⌵

Gift Options ⌵

Note:

If Video URL is selected then add video url in following way:

- Open YouTube Video -> click on Share -> go to Embed Video

```
Embed Video ✕  
  
<iframe width="560" height="315"  
src="https://www.youtube.com/embed/  
ZK-rNEhJIDs?si=PuR0rmfL_uWaSj0X"  
title="YouTube video player"  
frameborder="0"  
allow="accelerometer; autoplay;  
clipboard-write; encrypted-media;  
gyroscope; picture-in-picture; web-  
share" referrerpolicy="strict-  
origin-when-cross-origin"  
allowfullscreen></iframe>
```

and Select Only video url and paste this url in video url field

```
Embed Video ✕  
  
<iframe width="560" height="315"  
src="https://www.youtube.com/embed/  
ZK-rNEhJIDs?si=PuR0rmfL_uWaSj0X"  
title="YouTube video player"  
frameborder="0"  
allow="accelerometer; autoplay;
