

## ↳ How to Install Extension

Once you placed the order you will receive link to download extension package in your email box.

You can also download extension package from your MyAccount >My Downloadable Products Section.

### Step 1

Extract downloaded extension package in your magento root folder using FTP(File Transfer Protocol) Tools. For verification of root folder you can see some folders inside magento root folder like app,bin,lib,phpserver and vendor etc.

### Step 2

Next Need to run some magento commands to install extension in your system , so connect with your server via SSH and go to magento root folder (e.g : cd /var/www/html/magento243) and run below commands one by one.

- php bin/magento setup:upgrade
- php bin/magento setup:static-content:deploy-f
- php bin/magento indexer:reindex
- php bin/magento cache:clean
- php bin/magento cache:flush
- chmod-R 777 var/ pub/ generated/

### Step 3

If your all commands run successfully than login to your system Admin Panel and goto Store > Configuration, if you will see new Tab in left side bar with MageCurious Logo it means extension installed successfully.

**Hey !! You Installed Extension Successfully Now it's time to Configure Extension.**

### About the Extension:

"The RestrictZipCodes extension for Magento 2 allows store owners to restrict or allow specific zip codes for shipping, delivery, and checkout, ensuring better service availability management."

### **Features of Magento 2 RestrictZipCodes Extension:**

- **Restrict or Allow Specific Zip Codes** – Set zip codes where shipping, delivery, or checkout is allowed or restricted.
- **Zip Code Validation on Checkout** – Validate zip codes during checkout to prevent unauthorized orders.
- **User-Friendly Admin Configuration** – Easily configure the extension through the Magento 2 admin panel.
- **Bulk Import of Zip Codes** – Upload a CSV file for bulk zip code management.
- **Product Details Page** - The RestrictZipCodes extension enables customers to easily check if delivery is available for their location directly on the product details page by entering their zip code, ensuring a seamless and informed shopping experience.
- **Compatible with Magento 2** – Works seamlessly with Magento 2 default checkout and shipping functionality
